

ACT Alcohol and Other Drug Sector Forum

February 2009

About the Forum

The ACT Alcohol and Other Drug Sector Forum is for ACT AOD workers and is hosted by a different AOD service each month. The forum aims to:

- Provide an opportunity for ACT AOD Workers to network and share information such as referring clients, service vacancies and waiting lists, and the impact of changes to services;
- Learn about developments in, and relevant to, the ACT AOD Sector;
- Access professional development opportunities, information and resources;
- Support professional peer networks;
- Improve referrals, service knowledge and visit other AOD services, and;
- Provide information about, and give workers an opportunity to have input into the ACT AOD Sector Project.

11.00	Host service information / tour / networking

Tips on sharing information with the sector

When it is your turn to share information with the sector at the forum you might want to consider the following:

- You will have a limited time to share your information (approximately 4 minutes) so it is important that you are concise.
- You will need to fill out an information sharing form so that your information goes to the sector via the AOD Sector eBulletin.
- You can bring relevant pamphlets or promotional material to share with the sector.
- Don't forget to introduce yourself, your position and your organisation.

Some questions you may want to consider when sharing your information

- What new programs are you running?
- Have there been any changes to your existing programs?
- What is the major issue for your client group at the moment?
- How long is your waiting list?
- Have you had any significant staffing changes?
