

The ACT Alcohol and Other Drug (AOD) Sector Project, the ACT AOD Workers' Group and the ACT Comorbidity Strategic Working Group in partnership are pleased to invite you to:

The First Biannual Comorbidity Forum

The Biannual Comorbidity Forum aims to:

- Provide an opportunity for ACT AOD and mental health workers to network and share information;
- Learn about developments in, and relevant to, comorbidity and the sector;
- Access professional development opportunities, information and resources;
- Support professional peer networks;
- Improve referrals and service knowledge, and;
- Provide information about, and give workers an opportunity to have input into, the ACT AOD Sector Project and the ACT Comorbidity Project.

Professor Michael Levy

Medical Director, Corrections Health, ACT Health

Michael Levy is the Director, of the ACT Corrections Health Program and has worked for over 12 years in the area of prisoner health, in NSW, the ACT, nationally and internationally. He is a Board Member of the ACT Branch of the Public Health Association (PHA). Michael will discuss health information, with a focus on comorbidity, about the Alexander Maconochie Centre (AMC) including information on services and case planning, how community based services will work with the AMC and information on throughcare.

- When:** Friday 17 October 2008
Time: 9.15am: Arrival and coffee
9.30am – 11.30am: Forum
Address: 46 Clianthus St, O'Connor (Youth Coalition Office)
Food: Morning tea will be provided
Cost: Free
RSVP: Essential. By Wednesday 15 October. Contact Amanda on 6247 3540 or info@aodsector.org.au
Notes: Limited spaces available. The forum is targeted at frontline workers. One place will be reserved for each of the 12 ACT Health funded AOD services. This forum is being held in lieu of the monthly ACT AOD sector forum.
